# **Motor Traffic Regulations 1934 (repealed)**

made under the

**Motor Traffic Act 1936**

**Republication No 10**

**Effective: 1 March 2000**

Republication date: 16 August 2011

As repealed by A1999-79 sch 2

Authorised by the ACT Parliamentary Counsel

## **About this republication**

### **The republished law**

This is a republication of the *Motor Traffic Regulations* (repealed) effective 1 March 2000.

### **Kinds of republications**

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at [www.legislation.act.gov.au](http://www.legislation.act.gov.au)):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

### **Editorial changes**

The *Legislation (Republication) Act 1996*, part 3, division 2 authorised the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation (Republication) Act 1996*, s 14 and s 16). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

# MOTOR TRAFFIC REGULATIONS 1934

This consolidation has been prepared by the ACT Parliamentary Counsel's Office

Repealed by 1999 No 79 (in force 01/03/00)

### TABLE OF PROVISIONS

Regulation

#### PART I—PRELIMINARY

1. Name of regulations
2. Commencement
3. Application of Regulations
5. Interpretation

#### PART II—VEHICLE TESTING

6. Authorised premises—prescribed requirements

#### PART III—LEARNER DRIVER LOG BOOKS

12. Learner driver log books

#### PART IV—REGISTRATION LABELS

17. Issue and form of labels
18. Affixing of registration labels
20. Provision and type of holder etc.
21. Alterations affecting particulars on labels
22. Label destroyed, damaged etc.
23. Destruction of label on expiry of registration
24. Destruction of label when registration cancelled
25. Offences in relation to registration labels

*Motor Traffic Regulations 1934*

**TABLE OF PROVISIONS—continued**

26. Production of vehicles
- PART IVA—TAXIS USING PUBLIC TRANSPORT ROUTES
- 26AA. Definition of Part IVA
- 26A. Traffic lights
- 26B. General exemption
- PART 4B—PARKING INFRINGEMENTS
- 26C Prescribed penalties
- PART 4C—INFRINGEMENT NOTICE
- 26D Infringement notice offences and penalties
- 26E Administering authority
- 26F Authorised persons for infringement notices
- 26G Authorised persons for reminder notices
- 26H Persons authorised for infringement notices etc to have unique number
- 26I Period for service of certain infringement notices
- 26J Identifying particulars for vehicle for infringement notice offence involving a vehicle
- 26K Identifying particulars for animal for infringement notice offence involving an animal
- 26L Identifying particulars for authorised person for infringement notice offence
- 26M Person to whom administering authority may delegate
- PART 4D—DEMERIT POINTS
- 26N Demerit points
- 26O Demerit points—declared holiday periods
- PART 4E—TRAFFIC OFFENCE DETECTION DEVICES
- 26P Definitions for Pt 4E
- 26Q Approved traffic offence detection devices
- 26R Major testing of traffic offence detection devices
- 26S Maintenance of traffic offence detection devices
- 26T Use of traffic offence detection devices
- 26U Approved people—testing and sealing
- 26V Approved people—maintenance
- 26W Approved people—use
- 26X Meaning of codes on images
- 26Y Exemptions for people using traffic offence detection devices
- 26Z Modification of Pt 15 of the Act
- PART V—MISCELLANEOUS
27. Advertisements
28. Unlicensed person acting as driver to be subject to Regulations
30. Offences

*Motor Traffic Regulations 1934*

**TABLE OF PROVISIONS—continued**

31. Offences resulting from accident or other unavoidable causes

**SCHEDULE 1**

**PARKING INFRINGEMENTS AND  
INFRINGEMENT NOTICE OFFENCES**

**SCHEDULE 2**

**EQUIPMENT SPECIFICATIONS**

**SCHEDULE 3**

**LOCATION CODES FOR CAMERAS**

Australian Capital Territory

## MOTOR TRAFFIC REGULATIONS 1934

### PART I—PRELIMINARY

**1 Name of regulations**

These regulations are the *Motor Traffic Regulations 1934*.<sup>1</sup>

**2. Commencement**

These Regulations shall come into operation on 3 April 1934.

**3. Application of Regulations**

These Regulations shall apply in relation to all motor vehicles.

**5. Interpretation**

In these Regulations—

*caravan* means a covered trailer designed to provide living accommodation.

*special purpose trailer* means a trailer of a kind referred to in paragraph (b) of the definition of *trailer* in the Act.

*the Act* means the *Motor Traffic Act 1936*.

*wind-screen* means the main front wind-screen, but does not include a wind deflector or other subsidiary wind-screen.

## **PART II—VEHICLE TESTING**

### **6. Authorised premises—prescribed requirements**

For the purposes of paragraph 26AG (3) (a) of the Act, the following requirements are prescribed:

- (a) in respect of premises to be used for testing motor vehicles, other than motor cycles—
  - (i) brake testing equipment that complies with the requirements specified in Schedule 2 in relation to such equipment;
  - (ii) a luminous transmittance testing instrument that complies with the requirements specified in Schedule 2 in relation to such an instrument;
  - (iii) either of the following means of enabling a mechanic, while standing, to inspect the underside of motor vehicles:
    - (A) a pit of not less than 4.5 metres in length;
    - (B) a hoist which has a lifting capacity of not less than 2 tonnes;
  - (iv) a noise testing instrument that complies with the requirements specified in Schedule 2 in relation to such an instrument;
  - (v) a headlamp instrument device that complies with the requirements specified in Schedule 2 in relation to such an instrument;
  - (vi) wheel-rim callipers calibrated in inches or inches and centimetres to the range of 5 to 8 inches in half inch increments; and
  - (vii) a device for measuring, in millimetres, the depth of grooves in a tyre's tread through the range of 1 to 10 millimetres in 1 millimetre increments;
- (b) in respect of premises to be used for testing motor cycles—equipment of the kind referred to in subparagraphs (a) (iv), (v) and (vii);
- (c) in respect of premises to be used for the inspection and testing of trailers—
  - (i) equipment of the kind referred to in subparagraphs (a) (vi) and (vii); and

*Motor Traffic Regulations 1934*

- (ii) 1 or more of the following means for inspecting the underside of trailers:
  - (A) a pit;
  - (B) a hoist;
  - (C) a jack and garage creeper.

**PART III—LEARNER DRIVER LOG BOOKS**

**12. Learner driver log books**

(1) A learner driver log book shall make provision for the inclusion of the following particulars:

- (a) the learner's name and address;
- (b) the learner's learner licence number or learner licence receipt number.

(2) In respect of each area of competence in a learner driver log book referred to in paragraph 13R (a) of the Act, provision shall be made for the inclusion of an accredited driving examiner's signature, the number of his or her certificate of accreditation and the date on which the learner to whom the learner driver log book relates demonstrates proficiency in that area of competence.

(3) A learner driver log book shall make provision for the inclusion of a record of regular reviews by an accredited driving examiner of the proficiency of the learner in areas in which the learner has demonstrated proficiency.

**PART IV—REGISTRATION LABELS**

**17. Issue and form of labels**

(1) Upon the registration or renewal of registration of any motor vehicle or trailer, the Registrar shall issue to the person in whose name the vehicle is registered a registration label in an approved form.

**18. Affixing of registration labels**

(1) A registration label shall, during the currency of the registration, be firmly affixed to or attached on the motor vehicle or trailer in respect of which the label is issued, in the position and in the manner hereinafter prescribed in respect of such vehicle (unless otherwise approved by the Registrar) and so as to be clearly visible to a person facing the label at a distance of 6 metres.

*Motor Traffic Regulations 1934*

(2) The position of and manner in which registration labels are to be affixed or attached shall be as follows:

(a) in the case of a motor vehicle (other than a motor cycle) having a windscreen—

(i) if the motor vehicle has a pivoted, hinged or horizontally sliding ventilation window on the front left-hand or near-side of the motor vehicle—the label shall be affixed either on the inside of the windscreen at the bottom and as near as practicable to the left-hand side of the windscreen or on the inside and at the bottom of that ventilation window; or

(ii) in any other case—the label shall be affixed on the windscreen as provided by subparagraph (2) (a) (i);

so that the front of the label faces outwards from the motor vehicle;

(b) in the case of a motor vehicle (other than a motor cycle) not having a windscreen—the label shall be displayed in a holder which shall be affixed to the left-hand or near-side of the motor vehicle, as nearly as practicable to the position in which the label would have been displayed in accordance with paragraph (a) if the vehicle had been fitted with a windscreen, and so that the front of the label faces towards the front of the motor vehicle;

(c) in the case of a motor cycle—the label shall be displayed in a holder affixed to the handle-bar or front fork in the centre or on the left-hand or near-side of the motor cycle and the front of the label shall face towards the front or the left-hand side of the motor cycle;

(d) in the case of a trailer—the label shall be displayed in a holder affixed to the left-hand or near-side of the trailer in such manner that the front of the label faces outwards from the trailer.

**20. Provision and type of holder etc.**

(1) Any holder mentioned in these Regulations shall be provided by the owner of the vehicle and shall be of a type approved by the Registrar.

(2) Every label which is required to be displayed in a holder shall be affixed to clear glass in the holder in such manner that all the particulars on the label are clearly visible through the glass.

**21. Alterations affecting particulars on labels**

(1) Where a new number-plate, being a plate bearing a number different to that shown on the current registration label issued in respect of the relevant vehicle, is issued, the Registrar shall issue a new registration label in respect of that vehicle to the person in whose name it is registered.

(2) Where any alteration is made in the construction, equipment, use or ownership of a motor vehicle or trailer of such a nature as to affect the accuracy of any of the particulars appearing on the current registration label, the person in whose name the vehicle is registered shall forthwith notify the Registrar and shall, if so required by the Registrar, produce the vehicle for inspection.

(3) Where the Registrar is satisfied that any of the particulars on the current registration label issued in respect of a vehicle are incorrect, the Registrar shall, if all applicable requirements of the Act and these Regulations have been complied with in relation to that vehicle, issue a new registration label in respect of that vehicle to the person in whose name it is registered.

(4) Where a new registration label in respect of a vehicle has been issued under subregulation (1) or (3), the person in whose name the vehicle is registered shall, as soon as practicable, cause the previous registration label issued in respect of that vehicle to be destroyed.

**22. Label destroyed, damaged etc.**

Where a registration label is lost, destroyed, damaged or in any way defaced before the expiry of the registration, the Registrar may, upon application and payment of the relevant fee determined pursuant to section 217A of the Act, and upon being satisfied that the label has been lost or destroyed, issue a duplicate of the label, and the duplicate shall thereupon be deemed to be the registration label for the purposes of these Regulations.

**23. Destruction of label on expiry of registration**

Within 3 days after the date of expiry of the registration of a motor vehicle or trailer, the person in whose name the vehicle was registered shall cause the registration label to be destroyed.

**24. Destruction of label when registration cancelled**

Where the registration of a vehicle is cancelled, the person in whose name the vehicle is registered shall—

*Motor Traffic Regulations 1934*

- (a) if required to do so by the Registrar by notice in writing served on the person when notice of the decision to cancel the registration was served on the person—within 3 days after the cancellation took effect or within such further period as the Registrar allows, produce to the Registrar the vehicle or the holder displaying the registration label issued in respect of the vehicle to enable the label to be destroyed; or
- (b) if a notice first referred to in paragraph (a) is not served in accordance with that paragraph—within 7 days after the cancellation took effect, cause the registration label issued in respect of the vehicle to be destroyed.

**25. Offences in relation to registration labels**

**(1)** Any person who, upon any public street—

- (a) drives, or allows to be driven, or is in charge of, any motor vehicle or trailer which is required to be registered and which does not carry a registration label as required by these Regulations or which carries such label otherwise than in conformity with the requirements of these Regulations; or
- (b) without lawful authority or excuse, drives or allows to be driven, or is in charge of, any motor vehicle or trailer—
  - (i) upon which is displayed any registration label which (except as provided in these Regulations or as directed by the Registrar) has been altered, mutilated or defaced in any manner whatsoever or upon which any writing, mark or colour is not clearly legible or visible;
  - (ii) having affixed thereto or displayed thereon a registration label which was issued in respect of any other motor vehicle or trailer or in respect of a registration which has expired; or
  - (iii) to which is affixed or on which is displayed a registration label containing any incorrect particulars;

shall be guilty of an offence.

**(2)** Any person who—

- (a) without lawful authority or excuse, prints or manufactures or has in his or her possession a label which resembles a registration label and which is calculated or likely to deceive;
- (b) except as provided in these Regulations or as directed by the Registrar, alters or defaces any registration label;

- (c) buys or sells any label which resembles a registration label and is calculated to deceive; or
- (d) contravenes any provision of this Part;

shall be guilty of an offence.

## **26. Production of vehicles**

A notice by the Registrar to produce any vehicle shall be in writing and shall state the time within and the place at which the vehicle shall be produced.

## **PART IVA—TAXIS USING PUBLIC TRANSPORT ROUTES**

### **26AA Definition for Part IVA**

In this Part—

*taxi* includes a private hire car.

### **26A. Traffic lights**

A taxi is exempt from the operation of sections 112A and 112B of the Act in relation to item 1 of the table in section 112B of the Act where the traffic lights referred to in section 112A of the Act are displaying a red circular light and, at the same time, traffic lights facing the direction opposite to which the taxi is facing are displaying a letter B in white light.

### **26B. General exemption**

(1) A taxi is exempt from the operation of subsection 115C (1) of the Act.

(2) A taxi is exempt from the operation of subsection 116 (1) of the Act where the taxi is driven so that it crosses a road marking comprising an unbroken line marked longitudinally on the carriageway of the public street and—

- (a) the unbroken line forms part of road markings used to divide the carriageway of the public street into traffic lanes for vehicles travelling in the same direction as that in which the taxi is being driven; and
- (b) the taxi is driven across the unbroken line for the purpose of entering or leaving a traffic lane on which there appears the words “BUSES TAXIS ONLY”.

## PART 4B—PARKING INFRINGEMENTS

### 26C Prescribed penalties

For subsection 149 (1) of the Act, the amount mentioned in an item of Part 1 of Schedule 1 is the prescribed penalty for the parking infringement that is described in the item and a contravention of the provision of the Act mentioned in the item.

## PART 4C—INFRINGEMENT NOTICES

### 26D Infringement notice offences and penalties

(1) Each of the following offences is an offence to which Part 11A of the Act applies (an *infringement notice offence*):

- (a) an offence against the Act that is described in an item of Part 2 of Schedule 1 and is a contravention of the provision of the Act mentioned in the item;
- (b) an offence against these regulations that is described in an item of Part 3 of Schedule 1 and is a contravention of the provision of these regulations mentioned in the item;
- (c) an offence against the *Traffic Act 1937* that is described in an item of Part 4 of Schedule 1 and is a contravention of the provision of that Act mentioned in the item.

(2) The penalty payable by an individual under an infringement notice for an infringement notice offence is the amount mentioned in the item of Part 2, 3 or 4 of Schedule 1 applying to the offence.

(3) The penalty payable by a body corporate under an infringement notice for an infringement notice offence is 5 times the amount mentioned in the item of Part 2, 3 or 4 of Schedule 1 applying to the offence.

(4) The cost of serving a reminder notice for an infringement notice offence is \$34.

### 26E Administering authority

The administering authority for every infringement notice offence is the chief police officer.

### 26F Authorised persons for infringement notices

A police officer may serve an infringement notice for any infringement notice offence.

**26G Authorised persons for reminder notices**

A police officer may serve a reminder notice for any infringement notice offence.

**26H Persons authorised for infringement notices etc to have unique number**

The administering authority for an infringement notice offence must give a unique number to each person who is authorised by the administering authority to serve infringement or reminder notices for the offence.

**26I Period for service of certain infringement notices**

An infringement notice for a camera-detected offence may only be served under section 180E (Service of infringement notices on vehicle owners) of the Act within 28 days after the day the offence was committed.

**26J Identifying particulars for vehicle for infringement notice offence involving a vehicle**

(1) For paragraph 180F (1) (e) of the Act, the identifying particulars for a vehicle are the following:

- (a) any registration number;
- (b) body type;
- (c) the registration expiry date shown on any registration label;
- (d) if relevant to the offence—the number of passengers in the vehicle.

(2) However, if there is not a numberplate or registration label on the vehicle and a vehicle or engine identification number for the vehicle is known, the vehicle or engine identification number may be stated instead of particulars mentioned in paragraph (1) (a) or (c).

(3) For a camera-detected offence, paragraphs (1) (c) and (d) do not apply if it is not possible to decide those particulars from the image taken by the traffic offence detection device.

**26K Identifying particulars for animal for infringement notice offence involving an animal**

For paragraph 180F (1) (f) of the Act, the identifying particulars for an animal are the following:

- (a) species;

*Motor Traffic Regulations 1934*

- (b) breed;
- (c) colour;
- (d) sex;
- (e) age;
- (f) any identification or registration tags;
- (g) any collars;
- (h) any brands or tattoo;
- (i) any electronically coded implant;
- (j) any marks or scars;
- (k) any other noticeable distinguishing marks or features.

**26L Identifying particulars for authorised person for infringement notice offence**

(1) For paragraph 180F (1) (i) of the Act, the identifying particular for an authorised person who is a police officer is the service number of the police officer.

(2) For paragraph 180F (1) (i) of the Act, the identifying particular for an authorised person who is authorised by the administering authority for an infringement notice offence to serve infringement or reminder notices for the offence is the unique number given to the person by the administering authority under regulation 26H.

**26M Person to whom administering authority may delegate**

For subsection 180MT (1) of the Act, a person to whom the administering authority may delegate its powers under the Act is the registrar.

**PART 4D—DEMERIT POINTS**

**26N Demerit points**

(1) For section 180NB of the Act, an offence is a prescribed offence if—

- (a) it is an offence against the Act that is described in an item of Part 2 of Schedule 1 and is a contravention of the provision of the Act mentioned in the item; and
- (b) the item mentions a number of demerit points.

*Motor Traffic Regulations 1934*

(2) For section 180NB of the Act, the prescribed number of demerit points for a prescribed offence is the number of demerit points mentioned in the item of Part 2 of Schedule 1 applying to the prescribed offence.

(3) For subsection 180NB (1) of the Act, the prescribed number of demerit points for a corresponding offence is the number of demerit points mentioned in the item of Part 2 of Schedule 1 applying to the prescribed offence that corresponds to the corresponding offence.

(4) This regulation has effect subject to regulation 26O.

**26O Demerit points—declared holiday periods**

(1) For section 180NB of the Act, the prescribed number of demerit points incurred for a prescribed offence that is committed, or alleged to have been committed, during a declared holiday period is—

(a) if item 106, 108, 109, 110, 111, 112 or 113 of Part 2 of Schedule 1 applies to the offence—double the number of demerit points mentioned in the item; or

(b) if any other item of Part 2 of Schedule 1 applies to the offence—1 more than the number mentioned.

(2) The Minister may, by notice in the *Gazette*, declare that a stated period is a holiday period for this regulation.

(3) A notice under subregulation (2) is a disallowable instrument for section 10 of the *Subordinate Laws Act 1989*.

**PART 4E—TRAFFIC OFFENCE DETECTION DEVICES**

**26P Definitions for Pt 4E**

In this Part—

*digital camera detection device* means the camera detection device known as LaserCam 2000.

*laser speed measuring device* means a speed measuring device known as—

(a) Laser Technology Inc. LTI 20-20 Marksman; or

(b) Laser Technology Inc. LTI 20-20 Ultralyte.

*radar speed measuring device* means a speed measuring device known as—

(a) Applied Concepts Inc. Stalker Dual; or

*Motor Traffic Regulations 1934*

- (b) AWA Slant Radar Model 449; or
- (c) Kustom Signals KR-10SP; or
- (d) Kustom Signals KR-11; or
- (e) Kustom Signals, Inc. Silver Eagle; or
- (f) Fairey Slant Radar Model 456.

***testing authority*** means—

- (a) a department of electrical or electronic engineering at a university in Australia; or
- (b) the Division of Applied Physics, Commonwealth Scientific and Industrial Research Organisation; or
- (c) the Support Services Division, British Aerospace Australia Limited.

**26Q Approved traffic offence detection devices**

(1) For the definition of ***approved camera detection device*** in section 180ZD of the Act, the digital camera detection device is approved.

(2) For the definition of ***approved speed measuring device*** in section 180ZD of the Act, each laser speed measuring device and radar speed measuring device is approved.

**26R Major testing of traffic offence detection devices**

(1) A digital camera detection device, laser speed measuring device and radar speed measuring device must be tested in accordance with this regulation at least once in every 12 months.

(2) The test must be carried out by a person approved under regulation 26U.

(3) The testing of a digital camera detection device or laser speed measuring device must find out whether the device—

- (a) is operating in accordance with the manufacturer's specifications; and
- (b) is accurate within a tolerance of plus or minus 2 kilometres per hour.

(4) The testing of a radar speed measuring device must find out whether the device is operating in accordance with Australian Standard 2898.1-2.

*Motor Traffic Regulations 1934*

(5) If the test establishes the matters mentioned in subregulation (3) or (4), the person who carried out the test must—

- (a) sign a certificate to that effect; and
- (b) if a seal on the device has been damaged or removed—seal the device.

(6) A test mentioned in this regulation may be carried out before the commencement of this regulation, and a certificate mentioned in paragraph (5) (a) may be signed for such a test before the commencement.

**26S Maintenance of traffic offence detection devices**

A traffic offence detection device must be maintained in accordance with the manufacturer's instructions by a person who is approved under regulation 26V.

**26T Use of traffic offence detection devices**

(1) A digital camera detection device must be used by an operator by doing the following operations in accordance with the manufacturer's instructions for the device:

- (a) testing the laser speed measuring component of the device at the beginning of each continuous period of use by carrying out the following checks:
  - (i) an instrument confidence check;
  - (ii) a calibration verification check;
  - (iii) a scope alignment check;
- (b) activating the device;
- (c) operating the device;
- (d) testing the laser speed measuring component of the device at the end of each continuous period of use by carrying out the checks mentioned in paragraph (a).

(2) However, after the operator of a digital camera detection device has carried out the operations mentioned in paragraphs (1) (a) and (b), the device may operate unattended.

(3) A laser speed measuring device must be used by an operator by doing the following operations in accordance with the manufacturer's instructions for the device:

*Motor Traffic Regulations 1934*

- (a) testing the device at the beginning of each continuous period of use by carrying out the following checks:
    - (i) an instrument confidence check;
    - (ii) a calibration verification check;
    - (iii) a scope alignment check;
  - (b) activating the device;
  - (c) operating the device;
  - (d) testing the device at the end of each continuous period of use by carrying out the checks mentioned in paragraph (a).
- (4) A radar speed measuring device must be used as follows:
- (a) at the beginning of each continuous period of use by an operator, the device must be tested by the operator against a motor vehicle's accurate speedometer and must be found to be accurate within a tolerance of 2 kilometres per hour;
  - (b) at the end of each continuous period of use by an operator and, if the period is longer than 9 hours, also after 9 hours, the device must be tested by the operator against the same speedometer and must be found to be accurate within a tolerance of 2 kilometres per hour;
  - (c) the device must also be used in accordance with the manufacturer's instructions.
- (5) In this regulation—

*operator* means a person approved to use a traffic offence detection device under regulation 26W.

**26U Approved people—testing and sealing**

The following people are approved to test and seal traffic offence detection devices:

- (a) for a laser speed measuring device or digital camera detection device—a person employed by a testing authority if the person in charge of the testing authority is satisfied the person is competent to carry out testing and sealing in accordance with the manufacturer's specifications;
- (b) for a radar speed measuring device—a person employed by a testing authority if the person in charge of the testing authority is

satisfied the person is competent to carry out testing in accordance with Australian Standard 2898.1-2.

**26V Approved people—maintenance**

- (1) Each police officer is approved to maintain any traffic offence detection device.
- (2) The registrar may approve a person who is not a police officer to maintain digital camera detection devices.
- (3) The registrar may only approve a person under subregulation (2) if the registrar is satisfied that the person has appropriate qualifications to maintain, or experience in the maintenance of, digital camera detection devices.

**26W Approved people—use**

- (1) Each police officer is approved to use any traffic offence detection device.
- (2) The registrar may approve a person who is not a police officer to use digital camera detection devices.
- (3) The registrar may only approve a person under subregulation (2) if the registrar is satisfied that the person has appropriate qualifications to operate, or experience in the operation of, digital camera detection devices.

**26X Meaning of codes on images**

- (1) On an image produced by a digital camera detection device, the code—

*SLS*, (or *site location speed*) as a prefix, means that the code immediately following is the code for the place where the image was taken.
- (2) On an image produced by a digital camera detection device, the code following the prefix SLS has the meaning set out in Schedule 3.

**26Y Exemptions for people using traffic offence detection devices**

- (1) This regulation applies to a person who is approved to use traffic offence detection devices.
- (2) The following provisions of the Act do not apply to the person in respect of a vehicle being used by the person in the course of his or her duty as a person approved to use traffic offence detection devices if, in the

*Motor Traffic Regulations 1934*

circumstances, the person is taking reasonable care and it is reasonable that the provision should not apply:

- (a) subsection 151 (1) (which is about stopping or parking a vehicle other than on the carriageway of a public street);
- (b) subsection 151 (2) (which is about stopping or parking a vehicle other than on the left side of a carriageway);
- (c) subsection 151 (3) (which is about stopping or parking a vehicle on a one-way street or in a loading area);
- (d) subsection 152 (1) (which is about parking a vehicle on a street contrary to a no parking sign);
- (e) subsection 152 (3) (which is about parking a vehicle on a street for longer than the time limit on a parking sign);
- (f) subsection 155 (1) (which is about parking a vehicle in a public place contrary to a no parking sign);
- (g) subsection 155 (3) (which is about parking a vehicle in a public place for longer than the time limit on a parking sign);
- (h) paragraph 158 (1) (ea) (which is about stopping or parking a vehicle on a traffic island or median strip);
- (i) paragraph 158 (2) (c) (which is about stopping or parking a vehicle on a kerbed street other than on the carriageway or a parking area).

**26Z Modification of Pt 15 of the Act**

(1) Part 15 of the Act is modified by inserting the following section after section 227:

**“227A Service of infringement notices etc**

(1) Despite paragraph 180F (1) (b), an infringement notice served under section 180D may state the date of issue of the notice instead of the date of service of the notice.

(2) If an infringement notice states the date of issue of the notice—

- (a) the notice must be served on the person to whom it is addressed, or posted by prepaid post to the person to whom it is addressed, on the date of issue; and
- (b) sections 180G to 180MF (inclusive) apply in relation to the notice as if a reference to 28 days after the day the notice is

*Motor Traffic Regulations 1934*

served on the person were a reference to 35 days after the date of issue.

(3) Despite paragraph 180F (1) (d), an infringement notice served under section 180D need not state the law or the provisions of the law contravened by the person to whom the notice is addressed.”

## **PART V—MISCELLANEOUS**

### **27. Advertisements**

No person shall advertise or publish or cause to be advertised or published in any newspaper or otherwise cause to be exhibited or exhibit any advertisement or notice directly or indirectly—

- (a) inviting persons to become passengers;
- (b) intimating that any persons will be carried;
- (c) soliciting the carriage of any goods; or
- (d) intimating that any goods will be carried;

unless the person requesting or requiring the advertisement or notice is the holder of a licence to ply for hire in respect of a public or other motor vehicle in which the passengers or goods are to be carried or is the holder of a private hire car licence and the advertisement or notice contains the name of such holder.

### **28. Unlicensed person acting as driver to be subject to Regulations**

Any unlicensed person acting as the driver of a motor vehicle shall be subject to these Regulations and liable for any breach thereof in like manner as if he or she were a licensed driver.

### **30. Offences**

Any person who commits, or knowingly aids, abets, counsels, procures or assists any person to commit, a breach of any of these Regulations for which no other penalty is expressly provided shall be guilty of an offence.

Penalty: \$40.

### **31. Offences resulting from accident or other unavoidable causes**

No person shall be deemed to be guilty of a breach of any of these Regulations if he or she proves to the satisfaction of the Court hearing the

*Motor Traffic Regulations 1934*

case that the occurrence which is the subject of the case was the result of accident, or could not have been avoided by any reasonable efforts on his or her part.

118	Subparagraph 164D (c) (i)	Driving a motor vehicle in which a child occupies a position abreast of the driving position, being a position that is equipped with a child restraint, while there is an unoccupied position to the rear that is, or that could be, equipped with a child restraint	112	3
119	Subparagraph 164D (c) (ii)	Driving a motor vehicle in which a child occupies a position abreast of the driving position, being a position that is not equipped with a child restraint but is equipped with a seat belt, while there is an unoccupied position to the rear that is, or that could be, equipped with a child restraint or seat belt	112	3
120	Subparagraph 164D (c) (iii)	Driving a motor vehicle in which a child occupies a position abreast of the driving position, being a position that is equipped with neither a child restraint nor a seat belt, while there is an unoccupied position to the rear	112	3
121	Subsection 165 (1)	Driving, or leaving standing, unregistered vehicle or trailer on public street	407	
122	Section 166	Driving motor vehicle which differs in material particular from description appearing in its certificate of registration	67	

*Motor Traffic Regulations 1934*

**SCHEDULE 1—continued**

Item	Provision	Description	Penalty \$	Demerit Points
123	Section 171	Placing, or causing or permitting placement of, frame around number-plate of motor vehicle so as to hide or render indistinct any letter or figures	67	
124	Subsection 171A (1)	Non-learner driving motor vehicle with “L” plate	67	
125	Subsection 171A (2)	Non-provisional licence holder driving motor vehicle with “P” plate	67	
126	Subsection 172 (1)	Failing to produce driver’s licence when requested to do so	67	
127	Paragraph 176 (1) (a)	Driving motor vehicle without holding licence to drive vehicle of that class	320	
128	Paragraph 176 (1) (b)	Causing or permitting person to drive motor vehicle when person does not hold licence or learner licence receipt to drive vehicle of that class	320	
129	Paragraph 176 (1) (c)	Driving, or causing or permitting driving of, a motor vehicle or leaving it standing on public street when number-plate not properly affixed or so obscured, defaced or damaged that registration number not clearly legible	67	
130	Section 181	Driving motor vehicle, or allowing vehicle or trailer to stand on public street without proper parts and equipment	67	
131	Subsection 182 (1)	Driving motor vehicle, other than motor cycle, at night without appropriate lighted lamps	67	1
132	Subsection 182 (2)	Driving motor cycle at night without appropriate lighted lamps or reflectors	67	1
133	Subsection 182 (2A)	Driving motor vehicle at night without dipped headlamps or appropriate dipping device	67	1

*Motor Traffic Regulations 1934*

**SCHEDULE 1—continued**

Item	Provision	Description	Penalty \$	Demerit Points
134	Subsection 182 (3)	Failing to dip headlamps of motor vehicle when approached by another vehicle travelling in opposite direction and failing to cause headlamps to remain dipped until other vehicle passed	67	1
135	Subsection 183 (2)	Driving motor vehicle on which reflectors are not properly affixed or kept clean and unobscured	67	
136	Paragraph 184 (1) (a)	Driving motor vehicle with lamp at rear which may be extinguished while leaving headlamp lighted	67	
137	Subsection 185 (1)	Parking motor vehicle (other than motor cycle) or trailer on public street between sunset and sunrise without proper reflectors and lighted lamps	67	
138	Subsection 186 (1)	Towing vehicle in unsafe or improper manner	67	
139	Section 187	Driving motor vehicle without efficient silencer properly used or which causes undue noise or projects undue smoke or making or permitting unnecessary noise with horn or alarm attached to vehicle	90	
140	Paragraph 189 (1) (b)	Passing motor omnibus that is stopped for purpose of taking up or setting down passengers to the danger of those passengers	157	
141	Paragraph 189 (1) (c)	Driving motor vehicle with more than 1 trailer attached	64	
142	Paragraph 189 (1) (d)	Driving motor vehicle with trailer attached where trailer is not securely fastened close to rear of vehicle	67	
143	Paragraph 189 (1) (da)	Driving motor vehicle with trailer attached where registration number of trailer not clearly visible from rear or either side	67	

*Motor Traffic Regulations 1934*

**SCHEDULE 1—continued**

Item	Provision	Description	Penalty \$	Demerit Points
144	Paragraph 189 (1) (e)	Driving motor vehicle without efficient horn or other means of alarm attached in convenient position	67	
145	Paragraph 189 (1) (h)	Driving motor vehicle that is apparently used only for exhibiting advertisement	67	
146	Paragraph 189 (1) (i)	Driving motor vehicle where vehicle or its equipment in such condition as to cause or be likely to cause injury or damage to, or endanger safety of, any person in vehicle or any person, animal, property or thing	112	
147	Paragraph 189 (1) (j)	Driving motor vehicle in or on which, or in or on a trailer attached to which, is carried a load or other thing which is so distributed, placed or carried, as to be likely to cause injury or damage	112	
148	Paragraph 189 (1) (k)	Driving motor vehicle from which, or from trailer attached to which, any article or thing falls to roadway	112	
149	Subsection 190 (1)	Driving motor vehicle where width of vehicle or attached trailer exceeds 2.50 metres without permit	67	
150	Subsection 190A (1)	Driving motor cycle without wearing appropriately adjusted safety helmet of approved type	112	3
151	Subsection 190A (1)	Being passenger on motor cycle or in sidecar without wearing appropriately adjusted safety helmet of approved type	112	
152	Subsection 191 (1)	Carrying more than 1 other person on motor cycle	67	
153	Subsection 191 (3)	Carrying pillion passenger on motor cycle that is not equipped with appropriate footrests or seat or where pillion passenger is not seated properly or where driver of motor cycle has not held licence to drive a motor cycle for at least 12 months	67	

*Motor Traffic Regulations 1934*

**SCHEDULE 1—continued**

Item	Provision	Description	Penalty \$	Demerit Points
154	Subsection 200 (3)	Failing to observe and comply with direction to drive loaded motor vehicle to weighbridge	67	
155	Section 208	Failing to properly paint name, address and weight on rigid truck, articulated vehicle or motor omnibus	67	
156	Subsection 214 (5)	Failing to carry permit issued in respect of licensed goods motor vehicle while driving that motor vehicle or failing to produce that permit as required	67	

**PART 3—MOTOR TRAFFIC REGULATIONS 1934—INFRINGEMENT NOTICE  
OFFENCES AND PENALTIES**

Item	Provision	Description	Penalty \$
1	Subregulation 18 (1)	Failing to properly affix or attach registration label to motor vehicle or trailer	67
2	Subregulation 20 (2)	Failing to properly affix registration label required to be displayed in holder	67

*Motor Traffic Regulations 1934*

**SCHEDULE 1**—continued

PART 4—TRAFFIC ACT 1937—INFRINGEMENT NOTICE OFFENCES AND  
PENALTIES

Item	Provision	Description	Penalty
			\$
1	subsection 6C (1)	person at least 18 years old riding bicycle without wearing an appropriately adjusted approved helmet	43
2	subsection 6C (2)	cyclist at least 18 years old carrying passenger under 14 years old not wearing an appropriately adjusted approved helmet	43
3	subsection 6C (3)	passenger at least 18 years old on bicycle not wearing an appropriately adjusted approved helmet	43

**SCHEDULE 2**  
**EQUIPMENT SPECIFICATIONS**

Regulation 6

**Brake Testing**

**Roller Brake Testing Equipment—Light Vehicles**

**Scope**

This specification sets out the prescribed requirements for roller brake testing machines used at authorised premises. Testing machines complying with this specification are acceptable for testing light vehicles up to 4.5 tonnes tare mass.

Note: An Australian Standard for roller brake testing machines is under development. When finalised this specification will refer to that standard.

**Prescribed requirements**

- 1 The testing machine shall measure braking force at the tyre periphery. The machine shall provide for independent readings of braking force at each side of the vehicle.
- 2 Braking force readings shall be displayed as they are generated so that they can be clearly seen by the driver and the vehicle inspector operating the testing machine.
- 3 The installation of the testing machine shall be such that the vehicle remains substantially level when under test.
- 4 The installation of the testing machine must provide for ease of entry and exit of the vehicle being tested.
- 5 The testing machine rollers shall accept wheel sizes from 450 mm diameter (10 inch nominal rim diameter) under load.
- 6 The distance between the outer edges of the rollers shall not be less than 2200 mm. The distance between the inner edges of the rollers shall be not more than 1000 mm and must be capable of accepting the wheels of the vehicle being examined.
- 7 The surface of the rollers shall have a co-efficient of friction of not less than 0.6 when measured in combination with dry, original equipment tyres.

**SCHEDULE 2**—continued

8. If the rotational speed of the testing machine rollers exceeds 0.5 km/h, the rollers shall be coated with a coarse grit embedded in a durable plastic matrix.
9. Both rollers in each pair of rollers on either side of the brake testing machine shall be coupled together by appropriate gearing and shall be positively driven.
10. The testing machine shall be capable of repeatedly supporting an axle load of 3.5 tonnes without damage.
11. If the rotational speed of the rollers exceeds 0.5 km/h, the machine shall default to “power switch off” at the rollers when a pre-determined level of slip occurs between the rollers and the tyres of the tested vehicle.
12. The testing machine shall display all braking force measurements in kilonewtons (kN) and shall be capable of measuring a braking force of at least 4 kN on each side.
13. The indicated braking force shall be within 2% up to 5 kN and 5% above 5 kN.
14. The indicated brake force shall be within 5% of the actual braking force over the entire operating range.
15. The machine shall have a means of indicating the difference between brake forces on either side displayed as the ratio of the low reading divided by the higher reading (%).
16. The testing machine shall be capable of detecting any “drag force” on each wheel. The drag force is that produced by items such as loaded wheel bearings or binding brakes when that brake service system is not energised.
17. Each machine shall bear a unique serial number issued by its manufacturer.
18. Calibration and servicing of the machine shall be undertaken at regular intervals in accordance with the manufacturers recommendations, or every 6 months where the manufacturer does not provide recommendations for service or calibration.

**Optional features**

1. The testing machine may—

**SCHEDULE 2**—continued

- (a) be capable of providing inbuilt weighing of the load imposed by each wheel being brake tested;
  - (b) have listings of manufacturers' individual wheel loadings for all vehicles being brake tested; or
  - (c) have a set of portable scales suitable for weighing individual wheel loads of all vehicles being tested.
2. The test machine may be capable of providing an original and duplicate time and dated copy of the results on hard copy material and remain legible for a period of 12 months. The time and date function may be factory set.
  3. The testing machine may be capable of recording a brake pedal force of up to 1000N + or - 2%.
  4. The testing machine may have an alphanumeric keyboard to enter various items of vehicle and inspection data.

**Skid Plate Brake Testing—Light Vehicles**

**Scope**

This specification sets out the prescribed requirements for skid plate or other drive over platform type brake testing machines suitable for testing vehicles up to 5 tonnes tare mass.

**Prescribed requirements**

1. The machine shall provide for independent readings of braking force at each side of the vehicle.
2. If the testing machine is designed to test 2 axles at the same time, it shall be capable of accepting vehicles with a wheel base measuring up to 4000 mm.
3. The testing machine shall be capable of brake testing vehicles with a wheel track of at least 1000 mm to 2200 mm.
4. The testing machine skid plates shall have a co-efficient of friction of at least 0.6 when measured in combination with dry, original equipment tyres.
5. The machine shall be capable of repeatedly supporting an axle load of 3.5 tonnes without damage.

**SCHEDULE 2—continued**

6. The testing machine shall indicate the peak and average deceleration over the range of 0 to 1g with an accuracy of 5% of full scale and an output resolution of 1%.
7. The installation of the testing machine shall be such that the vehicle remains substantially level when under test.
8. The installation of the testing machine shall provide for ease of entry and exit of the vehicle being tested.
9. The manufacturer's recommended test speed for service and emergency brakes shall be indicated on the machine and visible to the driver in letters not less than 50 mm high.
10. The testing machine shall be capable of measuring and indicating braking force per wheel group in the range of 0 to 5 kN.
11. The testing machine shall have a means of indicating the difference between brake forces on either side displayed as a ratio of the low reading divided by the higher reading (%).
12. Each machine shall bear a unique serial number issued by its manufacturer.
13. Calibration and servicing of the machine shall be undertaken at regular intervals in accordance with the manufacturers recommendations, or every 6 months where the manufacturer does not provide recommendations for service or calibration.

**Optional features**

1. The testing machine may be capable of providing an original and duplicate time and dated copy of the results on hard copy material and remain legible for a period of 12 months. The time and date function may be factory set.
2. The test machine may be capable of recording a brake pedal force of up to 1000N + or - 2%.
3. The test machine may have an alphanumeric keyboard to enter various items of vehicle and inspection data.

**Vehicle Deceleration Brake Testing—Light Vehicles**

**Scope**

**SCHEDULE 2**—continued

This specification sets out the prescribed requirements for Vehicle Decelerometers used at vehicle inspection stations.

**Prescribed requirements**

1. The testing machine shall measure the overall braking effect of a vehicle.
2. The testing machine shall be electronic in nature.
3. The testing machine shall indicate the peak deceleration over the range of 0 to 1 g with an accuracy of 5% of full scale and maintain that reading until reset.
4. Each testing machine shall bear a unique serial number issued by the manufacturer.
5. Calibration and servicing of the test machine shall be undertaken in accordance with the manufacturers recommendations.

**Optional features**

1. The testing machine may be capable of providing an original and duplicate time and dated copy of the results on hard copy material and remain legible for a period of 12 months. Time and date may be factory set.
2. The testing machine may have an alphanumeric keyboard to enter various items of vehicle and inspection data.

**Headlamp Aim Testing Equipment**

**Scope**

This specification sets out the prescribed requirements for headlight aim testing machines used at Vehicle Inspection Stations.

Machines complying with this specification shall be suitable for testing the aim of headlights, fog lights and auxiliary driving lights fitted to motor cars, light and heavy commercial vehicles and motorcycles.

**Prescribed requirements**

1. The machine shall conform with the requirements of SAE Recommended Practice J 600.

**SCHEDULE 2**—continued

2. The machine shall be capable of testing the aim and intensity of lights, centres of which are not lower than 500 mm and no higher than 1400 mm above the surface of the roadway and used in accordance with the methods prescribed in the ACT Motor Registry Vehicle Inspection Manual.
3. The aim requirements of SAE J 600 shall be applied to headlights with an asymmetrical European beam pattern operated in the high beam mode.
4. The machine shall be either mounted on traversing rails or on fixed axle wheels to provide for lateral movement of the machine across the vehicle being tested. The installation (rails or surface on which the wheels roll) shall provide for the reference axis of the machine to be parallel to the plane on which the vehicle is standing.
5. Each machine shall bear a unique serial number issued by its manufacturer.
6. Calibration and service of the machine shall be undertaken at regular intervals in accordance with the manufacturers recommendations, or every 6 months where the manufacturer does not provide recommendations for service or calibration.

**Light Transmittance Testing Equipment**

**Scope**

This specification sets the requirements for an instrument to measure the light transmittance of vehicle glazing including where tinted plastic film has been applied.

**Design Requirements**

1. The instrument shall be of sound construction, portable and supply its own energy source.
2. The instrument must provide indication to the operator of a variation of its energy supply which would affect the accurate operation of the instrument.
3. The instrument may be of 2 components, a light source and a light source receiver. The voltage to the light source shall be stabilised within 0.1%.

**SCHEDULE 2**—continued

4. The light source receiver may have an analogue or digital display. A peak hold facility is recommended.
5. The instrument must be adaptable so as to be able to test light transmittance on all glazing of a vehicle.
6. A pre-test check should display a reading of 100% when the light source and receiver are brought into the test position (without a test sample). The instrument reading under sample test conditions shall be in a proportion of that 100% with a resolution of 1%.
7. The accuracy of the transmittance reading shall be within 5% of full scale over the range of 20% to 100%.
8. The light source shall be representative of illuminant A of the International Commission on Illumination (C.I.E.) and be of an incandescent filament source at a nominal colour temperature of 2856°K.
9. The light receiver shall have a relative spectral sensitivity conforming to the requirements of the C.I.E. 1931 “Standard observer for photopic vision”.
10. Each machine shall bear a unique serial number issued by its manufacturer.
11. Calibration and service of the instrument shall be undertaken at regular intervals in accordance with the manufacturers recommendations, or every 12 months where the manufacturer does not provide recommendations for service or calibrations.

**Noise Testing Equipment**

**Scope**

This specification sets out the requirement for an instrument to measure the noise generated by a vehicle at the exhaust pipe outlet.

**Design Requirements**

1. The device shall be capable of measuring noise across the range of 50 to 120 dB within the A and C frequency rating characteristics.
2. The device may have 1 or more frequency range indicators which must overlap by a minimum of 10 dB.

*Motor Traffic Regulations 1934*

**SCHEDULE 2**—continued

3. The device must be capable of displaying the maximum noise reading and maintaining that reading until reset. The display must be digital in increments not exceeding 0.2 dB.
4. The device must be accurate to + or - 1.5 dB.
5. Over and under range indication is required at +10 dB and -5 dB.
6. Self calibration indication is required and adjustment must be provided.

Note: Calibration using an external noise generating device corrected to a sound pressure of + or - 1 dB immediately prior to each noise test is an acceptable alternative to self calibration indication.

7. Calibration using an outside noise generating device corrected to a sound pressure level of + or - 1 dB must be carried out in accordance with the manufacturers recommendations or every 3 months where the manufacturer does not provide recommendations for service or calibration.
-

### NOTES

1. The *Motor Traffic Regulations 1934* (in force under the *Motor Traffic Act 1936*) as shown in this reprint comprise Regulations made on 19 March 1934 amended as indicated in the Tables below.

The *Motor Traffic Regulations 1934* were amended by the *Statutory Offices (Miscellaneous Provisions) Act 1994*. The amendments are incorporated in this reprint.

For any application, saving or transitional provisions relating to the amendments see the previously mentioned Act.

Citation of Laws—The *Self-Government (Citation of Laws) Act 1989* (No. 21, 1989) altered the citation of most Ordinances so that after Self-Government day they are to be cited as Acts. That Act also affects references in ACT laws to Commonwealth Acts.

2. The *Legislation (Republication) Act 1996* (No. 51, 1996) authorises the Parliamentary Counsel in preparing a law for republication, to make certain editorial and other formal amendments in accordance with current legislative drafting practice. Those amendments make no change in the law. Amendments made pursuant to that Act do not appear in the Table of Amendments but details may be obtained on request from the Parliamentary Counsel's Office.

*Motor Traffic Regulations 1934*

**NOTES—continued**

3. The *Motor Traffic Regulations 1934* as amended were modified by regulation 3 of the *Motor Traffic Regulations (Amendment)* (No. 15, 1997).

The modifications are not incorporated in the text, they are set out below.

**3. Double demerit points**

“The Principal Regulations have effect in relation to an offence committed, or alleged to have been committed, during the period commencing on 7 June 1997 and ending at the expiration of 9 June 1997 as if—

- (a) subregulation 32 (5) had been amended by inserting ‘double’ before ‘the number of demerit points’;
- (b) subregulation 32 (6) had been omitted and the following subregulation substituted:

‘(6) For the purposes of subsection 180NB (1) of the Act, the prescribed number of demerit points in respect of a corresponding offence (in this subregulation referred to as an ‘inter-State offence’) is—

- (a) except where paragraph (b) applies—the number of demerit points specified in column 5 of the item in Part II of the Schedule that relates to the offence to which the inter-State offence corresponds; and
- (b) in the case of an inter-State offence under the law of New South Wales—double the number of demerit points so specified.’; and
- (c) subregulation 32 (8) had been amended by inserting ‘double’ before ‘the number of demerit points’.
