Medicines, Poisons and Therapeutic Goods Act 2008

A2008-26

Republication No 21
Effective: 15 August 2019

Republication date: 15 August 2019

Last amendment made by A2019-23
About this republication

The republished law

This is a republication of the Medicines, Poisons and Therapeutic Goods Act 2008 (including any amendment made under the Legislation Act 2001, part 11.3 (Editorial changes)) as in force on 15 August 2019. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 15 August 2019.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel’s Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the Legislation Act 2001 applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The Legislation Act 2001, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see Legislation Act 2001, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol \[ U \] appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol \[ M \] appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the Legislation Act 2001, section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is $160 for an individual and $810 for a corporation (see Legislation Act 2001, s 133).

Chapter 1 Preliminary

1 Name of Act
This Act is the Medicines, Poisons and Therapeutic Goods Act 2008.

3 Dictionary
The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (signpost definitions) to other terms defined elsewhere in this Act.
For example, the signpost definition ‘authorisation holder’, for part 8.1 (Authorisations—disciplinary action)—see section 139,’ means that the term ‘authorisation holder’ is defined in that section for part 8.1.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156 (1)).

4 Notes
A note included in this Act is explanatory and is not part of this Act.

Note See the Legislation Act, s 127 (1), (4) and (5) for the legal status of notes.

5 Offences against Act—application of Criminal Code etc
Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code
The Criminal Code, ch 2 applies to all offences against this Act (see Code, pt 2.1).
The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg conduct, intention, recklessness and strict liability).

Note 2 Penalty units
The Legislation Act, s 133 deals with the meaning of offence penalties that are expressed in penalty units.
Chapter 2  
Operation of Act  

6  
Objects  

(1) The main object of this Act is to promote and protect public health and safety by minimising—

(a) accidental and deliberate poisonings by regulated substances; and

(b) medicinal misadventures related to regulated substances; and

(c) the diversion of regulated substances for abuse; and

(d) the manufacture of regulated substances that are subject to abuse; and

(e) harm from regulated therapeutic goods.

(2) The objects of this Act also include ensuring that—

(a) consumers of prescription medicines have adequate information and the understanding necessary to allow them to use the medicines safely and effectively; and

(b) consumers of non-prescription medicines have adequate information and the understanding to allow them to select the most appropriate medicines for their condition and to use the medicines safely and effectively, taking into account the condition of their health.

(3) In regulating the dealings of health practitioners or veterinary practitioners with regulated substances, the chief health officer may, but need not, choose to take disciplinary action rather than pursuing prosecutions under this Act if the chief health officer believes it would be in the public interest to do so.
(4) In this section:

**non-prescription medicine** means a medicine other than a prescription medicine.

**prescription medicine** means a prescription only medicine or controlled medicine.

## 7 Appropriate prescription and supply of medicines

(1) A health practitioner or a veterinary practitioner who prescribes or supplies a medicine must ensure that the prescription or supply of the medicine is for a quantity and purpose that is consistent with the recognised therapeutic standard of what is appropriate in the circumstances.

(2) Subsection (1) does not apply to wholesale supply.

## 8 Obligations under other territory laws

The obligations under this Act are additional to the obligations under any other territory law unless this Act, or the other law, provides otherwise.

**Example**

If there is an obligation under the *Dangerous Substances Act 2004* and under this Act in relation to a particular substance, both obligations must be complied with in relation to the substance unless either Act provides otherwise.

## 9 Inconsistency between Act and medicines and poisons standard

This Act prevails if there is an inconsistency between this Act and the medicines and poisons standard.

**Note** A reference to an Act includes a reference to the statutory instruments made or in force under the Act, including any regulation (see *Legislation Act*, s 104).

16 Interpretation provisions in medicines and poisons standard—application to Act

(1) A term defined in the medicines and poisons standard (other than the definition of *poison*) has the same meaning in this Act.

*Note* The medicines and poisons standard uses the term ‘poison’ for any substance or preparation (whether it is a medicine, poison or prohibited substance) included in a schedule to the standard (see medicines and poisons standard, pt 1, def *poison*).

(2) A provision of the medicines and poisons standard relating to the interpretation of the standard applies in the interpretation of this Act.

*Example*

If the medicines and poisons standard provides that, subject to stated exceptions, a reference to a substance in a schedule or appendix to the standard includes every salt, active principle or derivative of the substance, then a reference to the substance in this Act includes, subject to the exceptions, a reference to each salt, active principle or derivative of the substance.

*Note* A reference to an Act includes a reference to the statutory instruments made or in force under the Act, including any regulation (see Legislation Act, s 104).

17 When medicines and poisons standard applies to substances

For this Act, a schedule or appendix of the medicines and poisons standard *applies* to a substance in a circumstance if—

(a) the substance is included in the schedule or appendix; and

(b) either—

(i) an exclusion in the standard does not, in the circumstance, exclude the substance from the operation of the schedule or appendix; or
(ii) if a restriction is mentioned in the standard for the substance—the restriction applies in relation to the substance in the circumstance.

Example—par (b) (ii)
Substance X is included in sch 4 (Prescription only medicine) of the medicines and poisons standard. Its listing is followed by the restriction ‘for human therapeutic use’. Substance X is not included in another schedule or an appendix of the standard. The standard applies to substance X only for human therapeutic use.

Note See also s 9 (Inconsistency between Act and medicines and poisons standard).

18 Inspection of medicines and poisons standard
The chief health officer must ensure that a copy of the medicines and poisons standard (including any amendments of the standard) is made available for inspection free of charge to the public on business days at reasonable times at an office administered by the chief health officer.

(a) something (the material) to which the warrant relates may be accessible by operating electronic equipment at the premises; and

(b) expert assistance is required to operate the equipment; and

(c) the material may be destroyed, altered or otherwise interfered with if the inspector or person does not take action.

(2) The medicines and poisons inspector or person assisting may do whatever is necessary to secure the equipment, whether by locking it up, placing a guard or otherwise.
(3) The medicines and poisons inspector or a person assisting must give written notice to an occupier of the premises of—

(a) the inspector’s or person’s intention to secure the equipment; and

(b) the fact that the equipment may be secured for up to 24 hours.

(4) The equipment may be secured until the earlier of the following events happens:

(a) the end of the 24-hour period;

(d) if the thing is moved from the premises where it is seized—where the thing is to be taken.

120  Access to things seized

(1) A person who would, apart from the seizure, be entitled to inspect a thing seized under this part may—

(a) inspect it; and

(b) if it is a document—take extracts from it or make copies of it.

(2) This section does not apply to—

(a) a thing seized under section 106 (4) (which is about the seizure of a thing that poses a risk to the health or safety of people or of damage to property or the environment); or
(b) a thing or information if possession of it by the person otherwise entitled to inspect it would be an offence.

121 Return of things seized

(1) A thing seized under this part must be returned to its owner, or reasonable compensation must be paid by the Territory to the owner for the loss of the thing, if—

(a) an infringement notice for an offence relating to the thing is not served on the owner within 90 days after the day of seizure and a prosecution for an offence relating to the thing—

(i) is not started within the 90-day period; or

(ii) is started within the 90-day period but the court does not find the offence proved; or

(b) an infringement notice for an offence relating to the thing is served on the owner within 90 days after the day of seizure, the infringement notice is withdrawn and a prosecution for an offence relating to the thing—

(c) an infringement notice for an offence relating to the thing is served on the owner and not withdrawn within 90 days after the day of seizure, liability for the offence is disputed in accordance with the Magistrates Court Act 1930, section 132 (Disputing liability for infringement notice offence) and an information—

(i) is not laid in the Magistrates Court against the person for the offence within 60 days after the day notice is given under section 132 that liability is disputed; or

(2) However, this section does not apply—

(a) to a thing seized under section 106 (4) (which is about the seizure of things that pose a risk to the health or safety of people or of damage to property or the environment); or

(b) to a thing if the chief health officer believes on reasonable grounds that the only practical use of the thing in relation to the premises where it was seized would be an offence against this Act or another territory law; or

(c) to a thing if possession of it by its owner would be an offence.

Note See also section 125 (Forfeiture of seized things).

122 Application for order disallowing seizure

(1) A person claiming to be entitled to anything seized under this part may apply to the Magistrates Court within 10 days after the day of the seizure for an order disallowing the seizure.

(2) However, this section does not apply to a thing seized under section 106 (4) (which is about the seizure of things that pose a risk to the health or safety of people or of damage to property or the environment).

(3) The application may be heard only if the applicant has served a copy of the application on the chief health officer.

(4) The chief health officer is entitled to appear as respondent at the hearing of the application.
123  **Order for return of seized thing**

(1) This section applies if a person claiming to be entitled to anything seized under this part applies to the Magistrates Court under section 122 for an order disallowing the seizure.

(2) The Magistrates Court must make an order disallowing the seizure if satisfied that—

(a) the applicant would, apart from the seizure, be entitled to the return of the seized thing; and

(b) the thing is not connected with an offence against this Act; and

(c) possession of the thing by the person would not be an offence.

(3) The Magistrates Court may also make an order disallowing the seizure if satisfied there are exceptional circumstances justifying the making of the order.

(4) If the Magistrates Court makes an order disallowing the seizure, the court may make 1 or more of the following ancillary orders:

(a) an order directing the chief health officer to return the thing to the applicant or someone else that appears to be entitled to it;

(b) if the thing cannot be returned or has depreciated in value because of the seizure—an order directing the Territory to pay reasonable compensation;

(c) an order about the payment of costs in relation to the application.
124 **Adjournment pending hearing of other proceedings**

(1) This section applies to the hearing of an application under section 122 (Application for order disallowing seizure).

(2) If it appears to the Magistrates Court that the seized thing is required to be produced in evidence in a pending proceeding in relation to an offence against a territory law, the court may, on the application of the chief health officer or its own initiative, adjourn the hearing until the end of the pending proceeding.

125 **Forfeiture of seized things**

(1) This section applies if—

   (a) anything seized under this part has not been returned under section 121 (Return of things seized); and

   (b) an application for disallowance of the seizure under section 122 (Application for order disallowing seizure)—

       (i) has not been made within 10 days after the day of seizure; or

       (ii) has been made within the 10-day period, but the application has been refused or has been withdrawn before a decision in relation to the application had been made.

(2) If this section applies to the seized thing—

   (a) it is forfeited to the Territory; and

   (b) it may be sold, destroyed or otherwise disposed of as the chief health officer directs.
126 Return of forfeited things

(1) This section applies to something forfeited under section 125 that has not been disposed of in a way that would prevent its return.

(2) If the chief health officer becomes satisfied that there has been no offence against this Act with which the thing is connected, the chief health officer must, as soon as practicable, return the thing to the person from whom it was seized or someone else who appears to the chief health officer to be entitled to it.

(3) On its return, any proprietary and other interests in the thing that existed immediately before its forfeiture are restored.

127 Cost of disposal of forfeited things

(1) This section applies if—

(a) a person is convicted, or found guilty, of an offence against this Act in relation to something forfeited to the Territory under this part; and

(b) the thing is connected with an offence against this Act; and

(c) the person was the owner of the thing immediately before its forfeiture.

Note Found guilty—see the Legislation Act, dict, pt 1.

Division 7.1.6  Medicines and poisons inspectors—other provisions

128 Disposal etc of things obtained otherwise than under pt 7.1

(1) This section applies if the chief health officer comes into possession of a regulated substance or regulated therapeutic good otherwise than under this part.

(2) The chief health officer may dispose of the regulated substance or regulated therapeutic good as prescribed by regulation.

129 Damage etc to be minimised

(1) In the exercise, or purported exercise, of a function under this part, a medicines and poisons inspector must take all reasonable steps to ensure that the inspector, and any person assisting the inspector, causes as little inconvenience, detriment and damage as practicable.

(2) If a medicines and poisons inspector, or a person assisting a medicines and poisons inspector, damages anything in the exercise or purported exercise of a function under this part, the inspector must give written notice of the particulars of the damage to the person the inspector believes on reasonable grounds is the owner of the thing.

(3) If the damage happens at premises entered under this part in the absence of the occupier, the notice may be given by leaving it, secured conspicuously, at the premises.
130 Compensation for exercise of enforcement powers

(1) A person may claim compensation from the Territory if the person suffers loss or expense because of the exercise, or purported exercise, of a function under this part by a medicines and poisons inspector or a person assisting the inspector.

(2) Compensation may be claimed and ordered in a proceeding for—

(a) compensation brought in a court of competent jurisdiction; or

(b) an offence against this Act brought against the person making the claim for compensation.

(3) A court may order the payment of reasonable compensation for the loss or expense only if satisfied it is just to make the order in the circumstances of the particular case.

(4) A regulation may prescribe matters that may, must or must not be taken into account by the court in considering whether it is just to make the order.

(5) To remove any doubt, this section does not authorise a court to order the payment of compensation for regulated substances or regulated therapeutic goods seized by a medicines and poisons inspector if the substance or good was recalled under the Therapeutic Goods Act 1989 (Cwlth).
Part 7.2 Taking and analysis of samples of substances

131 Inspector may buy samples without complying with pt 7.2

This part does not stop a medicines and poisons inspector from buying a sample of a substance for analysis for the routine monitoring of compliance with this Act without complying with the requirements of this part.

Note For the admissibility of the analysis of a sample of a substance taken by a medicines and poisons inspector, see s 181.

132 Person in charge etc to be told sample to be analysed

(1) This section applies if a medicines and poisons inspector proposes to take, or takes, a sample of a substance for analysis from premises where a regulated substance is dealt with.

(2) Before or as soon as practicable after taking the sample, the medicines and poisons inspector must tell a person in charge of the premises of the inspector’s intention to have the sample analysed.

(3) If a person in charge is not present or readily available, the medicines and poisons inspector must instead tell the person from whom the sample was obtained of the inspector’s intention to have the sample analysed.
133 Payment for samples

(1) This section applies if a medicines and poisons inspector takes a sample of a substance for analysis from premises where a regulated substance is dealt with.

(2) The medicines and poisons inspector must pay, or offer to pay, the person from whom the sample is taken—

(a) the amount (if any) prescribed by regulation as the amount payable for the sample; or

(b) if no amount is prescribed—the current market value of the sample.

134 Samples from packaged substances

If a package of a substance contains 2 or more smaller packages of the same substance, the medicines and poisons inspector may take 1 of the smaller packages for analysis.

135 Procedures for dividing samples

(1) This section—

(a) applies to a sample of a substance being taken by a medicines and poisons inspector for analysis; and

(b) is subject to section 136.

(2) The medicines and poisons inspector must—

(a) divide the sample into 3 parts, and mark and either seal or fasten each part; and

(b) leave 1 part with the person told under section 132 (Person in charge etc to be told sample to be analysed) of the inspector’s intention to have the sample analysed; and

(c) keep 1 part for analysis; and

(d) keep 1 part for future comparison with the other parts.
(3) If a sample of a substance taken by a medicines and poisons inspector is in the form of separate or severable objects, the inspector—

(a) may take a number of the objects; and

(b) if the inspector takes a number of the objects, must—

(i) divide them into 3 parts each consisting of 1 or more of the objects, or of the severable parts of the objects, and mark and either seal or fasten each part; and

(ii) deal with the sample under subsection (2) (b) to (d).

136 Exception to usual procedures for dividing samples

(1) This section applies to a sample of a substance being taken by a medicines and poisons inspector for analysis if dividing the substance into 3 parts would, in the inspector’s opinion—

(a) so affect or impair the composition or quality of the sample as to make the parts unsuitable for accurate analysis; or

(b) result in the parts being too small for accurate analysis; or

(c) otherwise make the sample unsuitable for analysis (including a method of analysis prescribed by regulation for the substance in relation to which the sample is taken).

(2) The medicines and poisons inspector may take as many samples as the inspector considers necessary to allow an accurate analysis to be made, and may deal with each sample in any way that is appropriate in the circumstances, instead of complying with section 135.
137 Certificates of analysis by authorised analysts

(1) The analysis of a sample of a substance for the chief health officer must be carried out by, or under the supervision of, an authorised analyst.

(2) An authorised analyst who analyses the sample must give to the chief health officer a certificate of analysis that—

(a) is signed and dated by the analyst; and

(b) contains a written report of the analysis that sets out the findings; and

(c) identifies the method of analysis.

Note 1 If a form is approved under s 198 for the certificate, the form must be used.

Note  A reference to an Act includes a reference to the statutory instruments made or in force under the Act, including any regulation (see Legislation Act, s 104).

(2) To remove any doubt, this part does not limit the power of anyone exercising a function under this Act to—

(b) the authorisation holder has failed to give information required to be given under this Act;

(c) the authorisation holder has contravened a condition of the authorisation;
(d) the authorisation holder, or an agent or employee of the authorisation holder, has contravened this Act (whether or not the authorisation holder or employee is convicted, or found guilty, of the offence);

(e) if the authorisation holder is or has been a licence-holder—

(i) when the chief health officer issued the licence, grounds existed to refuse the application for the licence but the chief health officer was not aware of them; or

141 Disciplinary action against authorisation holders

(1) Each of the following is disciplinary action when taken against an authorisation holder (other than a former authorisation holder):

(a) reprimanding the authorisation holder;

(b) requiring the authorisation holder, or an employee of the authorisation holder, to complete a stated course of training to the satisfaction of the chief health officer or another stated person;

(c) imposing a condition on the authorisation holder’s authority to deal with a regulated substance or regulated therapeutic good;

(d) amending the authorisation holder’s authority to deal with a regulated substance or regulated therapeutic good;
(e) suspending the authorisation holder’s authority to deal with a regulated substance or regulated therapeutic good, or a particular authorised dealing under the authorisation—

(a) reprimanding the former authorisation holder;

(b) disqualifying the former authorisation holder from being authorised, or authorised in a particular way, to deal with a regulated substance or regulated therapeutic good—

(iii) until a stated event happens;
(c) if the former authorisation holder was an interstate wholesaler—prohibiting the former authorisation holder from supplying a regulated substance or regulated therapeutic good by wholesale in the ACT.

142 Taking disciplinary action against authorisation holders

(1) If the chief health officer is satisfied that a ground for disciplinary action exists, or may exist, in relation to an authorisation holder, the chief health officer may give the authorisation holder a notice (a disciplinary notice).

(2) The disciplinary notice must—
(a) state the ground for disciplinary action; and
(b) tell the authorisation holder that he or she may, not later than 3 weeks after the day the authorisation holder is given the notice, give a written response to the chief health officer about the notice.

(3) If, after considering any response given not later than the end of the 3-week period, the chief health officer is satisfied that a ground for disciplinary action exists in relation to the authorisation holder, the chief health officer may take disciplinary action against the authorisation holder.

(4) To remove any doubt, the disciplinary action may consist of 2 or more of the actions mentioned in section 141.

(5) The disciplinary action takes effect when the authorisation holder receives written notice of the action or, if the notice states a later time of effect, at the stated time.
143 Immediate suspension of authorisations

(1) This section applies if the chief health officer has given, or is considering whether to give, a disciplinary notice to an authorisation holder.

(2) The chief health officer may give the authorisation holder a written notice (an immediate suspension notice) suspending—

(a) the authorisation holder’s authority to deal with a regulated substance or regulated therapeutic good; or

(b) a particular authorised dealing under the authorisation.

(3) However, the chief health officer may suspend the authorisation under subsection (2) only if—

(a) the chief health officer has taken into account the circumstances leading to the decision to give or consider giving the disciplinary notice and the grounds stated, or that may be stated, in the disciplinary notice; and

(b) the chief health officer believes on reasonable grounds that it is in the public interest that the authorisation be suspended before a decision is made whether or not to take action against the authorisation holder under section 142.

(4) If an immediate suspension notice is given to the authorisation holder, the authorisation holder’s authority to deal with the regulated substance or regulated therapeutic good to which the authorisation relates is suspended when the notice is given to the authorisation holder.

Note If the authorisation is a licence or approval, the licence or approval must be returned to the chief health officer, see s 145.
(5) If the authorisation holder is given an immediate suspension notice because the chief health officer is considering whether to give a disciplinary notice to the authorisation holder, the chief health officer must, as soon as practicable—

(a) give a disciplinary notice to the authorisation holder; or

(b) tell the authorisation holder in writing that a disciplinary notice will not be given to the authorisation holder.

(6) An immediate suspension notice ends—

(a) if the chief health officer decides not to give a disciplinary notice to the authorisation holder—when the chief health officer tells the authorisation holder about the decision under subsection (5) (b); or

(b) if a disciplinary notice is given to the authorisation holder—

(i) when any disciplinary action takes effect; or

(ii) the authorisation holder is given written notice by the chief health officer that no disciplinary action will be taken.

144 Effect of suspension of authorisations

(1) If an authorisation to deal with a regulated substance or regulated therapeutic good is suspended, the authorisation does not authorise the authorisation holder to carry on any dealing with the regulated substance or regulated therapeutic good under the authorisation during the suspension.

(2) If an authorised dealing with a regulated substance or regulated therapeutic good under an authorisation is suspended, the authorisation—

(a) does not authorise the authorisation holder to carry out the dealing under the authorisation during the suspension; and

(b) is taken to be amended under this part to the extent necessary to give effect to the suspension.
145  Return of certain licences and approvals

(1)  A person commits an offence if—

(a)  the person is the holder of—

   (i)  a licence; or

   (ii) an approval under section 20 (1) (c) (When authorised to

authorised to deal with regulated therapeutic goods); and

(b)  the person’s authorisation to deal with a regulated substance
or regulated therapeutic good is amended, suspended or cancelled
under this part; and

(c)  the person fails to return the licence or approval to the chief
health officer as soon as practicable (but not later than 7
days) after the day the person is told about the amendment, suspension
or cancellation.

Maximum penalty:  20 penalty units.

(2)  An offence against this section is a strict liability offence.

146  Action by chief health officer in relation to certain
licences and approvals

(1)  If a licence or approval amended under this part is returned to the
chief health officer, the chief health officer must—

(a)  amend the licence or approval and return it to the authorisation
holder; or

(b)  give the authorisation holder a replacement licence or approval
that includes the amendment.

Note  A licence or approval is taken to be amended if an authorised dealing
under the licence or approval is suspended (see s 144 (2)).
(2) If a licence or approval is suspended under this part and the suspension ends before the end of the term of the licence or approval, the chief health officer must—

(a) return the licence or approval to the authorisation holder; or

(b) give the authorisation holder a replacement licence or approval for the remainder of the term of the licence or approval.

(4) The *Magistrates Court Act 1930*, section 208 (which is about appeals in criminal matters) applies in relation to the direction as if the direction were a penalty imposed by the court in relation to the conviction of a person of an offence.
149 Notice of disqualification from dealing

(1) If a court gives a direction under section 148 (2), the court’s registrar must give a copy of the direction to—
