the building work, is exempt—
(a) the exemption must be marked on, or attached to, or partly
marked on or partly attached to, each page of the plans used by
the surveyor in the assessment; and
(b) the building surveyor must initial, date and mark the building
surveyor’s licence number on each page of the plans.

(3) However, if, because of the size of the plans, it is impractical to
mark the exemption on each page of the plans, the building surveyor
may, instead of marking the exemption under subsection (2) (a),
mark each page of the plans with—
(a) the building surveyor’s initials and licence number and the
date; and
(b) an indication that the details of the exemption are in the
exemption assessment B notice.

(4) The pages of any document attached to an exemption assessment B

Example
An exemption assessment B notice has 3 attached documents that total 25 pages.
Each page of the attachments, starting from the first page, is numbered as ‘page 1
of 25’, ‘page 2 of 25’ and so on, until the last page of the final attachment which
is numbered ‘page 25 of 25’.

Note  An example is part of the regulation, is not exhaustive and may extend,
but does not limit, the meaning of the provision in which it appears (see
